

EVAN FOO

AI MARKETING & CREATIVE EXECUTIVE

Malaysian | Open to Singapore opportunities | +65 8793 0973 | BrightIdeas Studio

PROFESSIONAL SUMMARY

Multidisciplinary creative and digital marketing professional with experience across graphic design, social content, short-form video, AI-assisted production, website development, and sales-support initiatives. Combines eight years of visual design experience with hands-on digital marketing execution and practical use of generative AI to create commercially relevant content, improve creative workflows, and support lead-generation activities.

CORE CAPABILITIES

AI & CONTENT: AI-assisted content creation, AIGC video, content ideation, short-form editing, workflow experimentation

MARKETING: Social media content, digital campaigns, product marketing, sales enablement, lead research, market intelligence

CREATIVE & WEB: Graphic design, art direction, editorial design, branding, landing pages, AI-assisted website production

PROFESSIONAL EXPERIENCE

Digital Marketing Executive | Ty Innovations Pte Ltd | Apr 2024 – Present

- Plan and produce social media content for Facebook, Instagram, TikTok, and LinkedIn.
- Use generative AI tools to support content ideation, copy development, image creation, and short-form video production.
- Edit promotional videos and social content using CapCut and Jianying.
- Design product catalogues, marketing collateral, presentations, and brand assets.
- Build and update landing pages and company websites using AI-assisted development tools.
- Work with the sales team to develop campaign materials and content for lead-generation activities.
- Test AI-assisted workflows to improve the speed and consistency of content production.

Senior Graphic Designer | Star Publishing Pte Ltd | Jan 2018 – Mar 2024

- Designed educational publications and learning materials for the Singapore education market.
- Produced book covers, page layouts, illustrations, marketing collateral, and print-ready artwork.
- Coordinated with editors, production teams, and stakeholders to deliver work within publishing deadlines.
- Supported art direction, artwork preparation, print production, and visual consistency across projects.

ADDITIONAL EXPERIENCE

Freelance Multimedia & Digital Marketing Projects | Self-Employed / Project-Based | Jan 2017 – Present

Concurrent, project-based work alongside full-time employment.

- Create digital content, promotional videos, social media assets, and branding materials for SMEs.
- Develop simple landing pages and portfolio websites based on client requirements.
- Discuss content direction and marketing needs directly with business owners.
- Use AI-assisted tools for ideation, visual development, video editing, and website production.
- Manage project-based work from initial briefing through creative development and final delivery.

Graphic Designer | Tomato Advertising (M) Sdn. Bhd. | Sep 2017 – Dec 2017

- Developed branding and marketing materials for startups and established businesses.
- Produced advertising artwork, campaign assets, signage, and brand-identity materials.
- Communicated with clients to understand requirements and translate them into visual solutions.

SELECTED INDEPENDENT PROJECT

Singapore F&B Intelligence Tracker | Independent Product Concept | Jun 2026 – Present

- Developing a research concept for consolidating information about newly opened F&B businesses in Singapore.
- Exploring how public information can be organised by business type, location, and opening status.
- Designing a filterable interface concept to help sales teams review potential business opportunities more efficiently.
- Testing AI-assisted research and information-structuring workflows.
- Currently defining the project scope, data sources, and prototype experience.
